HAPPY EASTER TO ALL!

APRIL, 2007
www.docut.com

BAD BOYS ARE HERE!

You've seen them on the NASCAR circuit. Now you can see them in our show-rooms.

4 POINT ADVANTAGE

1. Stronger Frame—4, 11 gauge 2"x2" steel rails form the framework and every front wheel fork is built with 1/2" thick steel. Also, the strongest deck in the industry, constructed from 1/4" steel, with electric lift.
2. Easier Access— exclusive

Swing –Away design opens the entire operating system for maintenance and cleanup.

3. More Power –With a strong chassis the Bad Boy can offer the highest horsepower engines ranging from a 35HP Caterpillar diesel to a 23HP gasoline.

4. Longer Life Hydraulics— The hydraulic system matches the strength and durability of the frames. Large hydraulic tanks with dual filters operate the drive system at lower temperatures and pressures, extending their lifespan.

Two year drive, engine and clutch system warranty and one-year on the entire mower.

All this, and prices just starting at \$4899.99! Stop in today and check out these great new machines, and take a test drive. We know you will be pleased with their quality and performance. 6-months same as cash always available!
