AUGUST HOT PICKS!

AUGUST 1, 2007

CAMPING THIS SUMMER?

Whether you are camping, R-Ving, or tailgating a Honda generator is a must!

These portable beauties pack all the power you will need to make your experience a good one.....

Link two together for twice the power. Some models are even safe for all electronics you need today including your computer.

Use them again at home for those occasional power outages.

HONDA MOWERS ON SALE NOW—SAVE \$\$\$

LIMITED TIME

STANDBY SYSTEM CAN BE YOUR "GUARDIAN"

When you lose power, it's usually in the middle of a big storm and not when you want to go outside. The **Guardian** emergency home/office standby generator automatically activates itself, in just seconds, when the power goes out and will continue to run until the power is restored.

The commercial quality engine runs on either natural gas or liquid propane. Unlike other pre-packaged systems the **Guardian** includes an automatic transfer switch. The switch will ensure your electrical loads

are poweredeven when you are not there. This sophisticated unit performs a self-test weekly to ensure everything is operating properly.

Guardian on duty ensures that you and your family stay warm (or cool) and dry in your home instead of frantically searching for flashlights, candles, extension cords and fuel.

Stop in at either location and see this innovative generator and ask our knowledgeable sales staff which model is the right one for you.

A SPORTING CHANCE

Judy: "Dear why don't you play golf with George anymore?"

John: "Would you play golf with a cheat who moves the ball and fools with the scorecard?"

Judy: "I should say not!"

John:"Well, neither will George!"

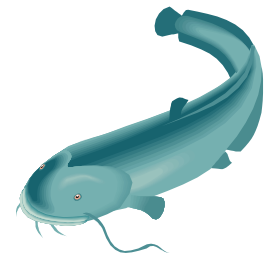

GET THEM WHILE YOU CAN!

Toro is still offering 12 months same as cash on their consumer and professional ZRT Mowers! That means you can get your yard work done in half the time and still have time to enjoy the summer.
