MORE SNOW IN THE FORECAST!

JANUARY, 2008

SNOW THROWERS IN SHORT SUPPLY!

Most manufacturers and distributors of snow throwers are out of stock for the year.

We were able to secure a number of snow throwers during the last snow storm and still have some left to sell. When they are gone, they are gone, no re-orders this year.

Some **Toro** and **Lawn Boy** models have an *instant* rebate of **\$50.00**, and, of course, we still have **12-months same as cash** available on all models.

Don't get stuck shoveling, stop in today and pick out the right snow thrower for you!
