How Does Your Garden Grow?

G-OIL

No Smoke

No Smell

Do-Cut is

pleased to announce that we are the **exclusive** retail outlet for a new and exciting, environmentally friendly brand of 2-cycle oil, **G-Oil**, manufactured by Green Earth Technologies. This unique oil is made from American beef tallow and is designed to provide superior performance while reducing our dependence on foreign oil (isn't that great!)

This oil is entirely earth friendly. The No Smoke formula utilizes the power of nanotechnology to improve fuel stability and reduce the offensive and toxic odors produced by traditional 2-cycle oils.

G-Oil's 2.6 oz bottle is just \$1.69, and is available at both *Do-Cut* retail outlets. The bottle is 100% recyclable and the label is printed with soy ink on biodegradable paper.
