Answers appear elsewhere on the page

Happy Thanksgiving!!

From all of us at both

Do-Cut Sales & Service locations, we would like to take this opportunity to wish you a safe and Happy Thanksgiving.

As we gather around the dining room table and enjoy this once a year fabulous feast, we would like to send our best wishes to all of the brave men and women serving our country in any capacity.

Both Do-Cut locations in Warren and Canfield will be closed on Thursday, November 23rd in observance of Thanksgiving.

Stihl Chain Saws Ranked Number One

You can't go wrong when you choose a chain saw manufactured by **Stihl**. The name "**Stihl**" has been around for about as long as chain saws have. Andreas Stihl developed the first electric chain saw in 1926 and one of the first portable, gasoline-powered chain saws in 1927.

Now, over 75 years later, **Stihl** is a world leader in the manufacturing of versatile consumer and professional chain saws and other power tools. There are many models in the **Stihl** line to allow homeowners, weekend woodcutters, farmers, professional loggers, landscapers, construction crews and fire departments to find the one saw that fits their needs.

Do-Cut Sales and Service is an authorized **Stihl** dealer, carrying the full line of Stihl products and accessories. In addition, we provide factory authorized service for Stihl as well as for the other brands we sell. Remember, the number one chain saw according to Consumer Reports is not available at Home Depot or Lowes.

Exclusive features on **Stihl** Chainsaws include:

Two-Ring Pistons to improve engine efficiency and hold compression longer

than one-ring pistons. They transfer heat from the piston to cylinder better, helping the engine stay cooler and last longer

A Decompression Valve makes starting easier. The Easy2Start™ System reduces resistance - eliminating the need for a strong, fast pull of the starting cord. This feature is available on selected models.

An Electronic Ignition provides easier starting, faster acceleration and smoother running.

The Heavy-Duty Centrifugal Clutch is designed to reduce slippage.

Long Life Cylinders give maximum wear life, better cooling and lubrication for more power output per cubic centimeter of engine displacement.

Replaceable "In Tank" Fuel Filters lower cost and are easy to maintain.

The exclusive Elastostart™ Handle has a built-in shock absorber for smoother starting.

Stop in either **Do-Cut** location in Warren or Canfield and let our knowledgeable staff help you select the **Stihl** saw that is just right for you.

Rebates and Specials

- Receive an extra year warranty coverage on all Lawnboy Snowthrowers purchased through February 2007
- The city of Warren requires all leaves to be placed in biodegradable bags for pickup. Get your paper Leaf bags at either **Do-Cut** location - only **\$2.79** for 5 bags, or plastic bio bags \$4.99 for a box of 5.

Snow Thrower Special

Take advantage of the pre-season special on Snow-Thrower tune-ups. If you act before November 12th, you can receive \$10.00 off the standard cost of labor for the tune-up.

Don't take a chance that the snow will not come. We are due for a snowy winter according to the Farmer's Almanac.

Do-Cut employs factory certified technicians using genuine factory replacement parts to put your mind at ease.

Don't find yourself standing in the driveway cold and snowy wondering why your snow thrower won't start.
